

**Amendments to Freight Handling Code Issue 12 – dated 10 September, 2025**

**Amendment Notice Instructions:**

- The Freight Handling Code is republished in sections when required. This Code Amendment Notice contains all approved updates to republished sections of the Freight Handling Code.
- Where the print is red and in italics this indicates it is a new instruction or if it was a previous change, a further change has been made.
- When reviewing the Freight Handling Code it is important to refer to this Code Amendment Notice to ensure a specific requirement has not been varied.
- The current Code Amendment Notice for the Freight Handling Code will be posted electronically alongside the current issue of the Code.
- Printed copies of this code are uncontrolled when printed. Use this notice to verify you are using the most recent version prior to use. Holders of printed versions are responsible for ensuring personal copies are kept up to date.

The following amendments are made to the Freight Handling Code, Issue 11 -
